

Technical Data Sheet

Product: Lure King No 30

Code: CAT-NO30-255

Product Function: Monitoring

Description: A discrete and easy-to-use four entrance sticky trap prebaited with attractant for cockroach monitoring. The trap is safe, clean and easy to use as it is pesticide free and highly effective due to the prebaited attractant.

longevity: 8.3 x 25cm.

Release Paper: Clay coat silicon paper.

Glue: The product will last 6 - 8 weeks dependent on infestation levels.

Packaging: Packs of 10.

Trap Application:

Peel off the protective paper from the sticky base. Form the trap shape by inserting slot A in to slot B. Put the trap in a convenient place where the cockroaches are expected. Check the trap regularly. Dispose of the trap when the sticky base is covered

Trap Density:

Simply place the traps where cockroach activity has been observed to monitor infestation levels.

When to Use:

All year round.

Replacement:

Dispose of the trap when the sticky base is covered with insects, or after 6 - 8 weeks.

Storage

Store this product at room temperature for effective storage.

Keep out of direct sunlight.

Precautions

- Handle carefully, avoid extensive contact by hand and wear gloves when handling.
- Do not eat or drink while handling this product.
