

TDS-113-1

Technical Data Sheet

Product: Silvercheck

Code: CAT-NO32-247

Product Function: Control silverfish and greyfish

Description: This ready-to-use Silverfish and Greyfish trap is a self contained and user friendly cardboard station with a powerful sticky base. Included with this product is a sachet of lure powder which is highly effective in attracting crawling insects. The trap can be used to effectively control both common silverfish and grey fish infestations. Simple and effective, these traps are ideal for use in large or small spaces in both private and public areas.

Active Ingredients: Multi-food attractant.

Packaging: Box of 10 packs comprising

Trap Application:

To protect items, such as wallpaper, place the trap near cracks and crevices, ideally on a flat surface, where silverfish and greyfish are found. The double sided tape on the rear of the trap is used to attach the product to walls or skirting boards.

Trap Density:

For best results, place one unit per five square metres within the affected area.

When to Use:

Use this product all year round.

Replacement:

Replace the traps when the sticky base becomes full with insects.

Longevity:

This product may last 24 months in its original packaging at normal temperature and up to 2 months out of the packet.

Storage

Store in a cool, dry place out of direct sunlight.

Precautions

- Do not eat or drink while handling this product.
- Anyone allergic to seafood should take extra precaution when handling this product (e.g. wear protective hand and eyewear and avoid inhalation of the lure powder).
